One of the **homes** in each of these groups does not belong. Tell which one does not belong and why.

1. All of these homes but one are generally thought of as a home for a royal family or a national leader. Which one does not belong here: a castle, a houseboat, a palace or a mansion?
2. The following are all rooms that might be found in a typical single family home, all except one, that is. Which one of these rooms would probably not be found in a typical family home: a living room, a waiting room, a dining room or a bedroom?
3. There are different ways that someone arranges to have a place to live. Which of the following is not a way that someone generally arranges this: buy a home, build a home, rent an apartment, look for a haunted house and move in?

4. Which of the following homes would not generally be found in a city or town where you live: an apartment, a single story house, an igloo or a condominium?

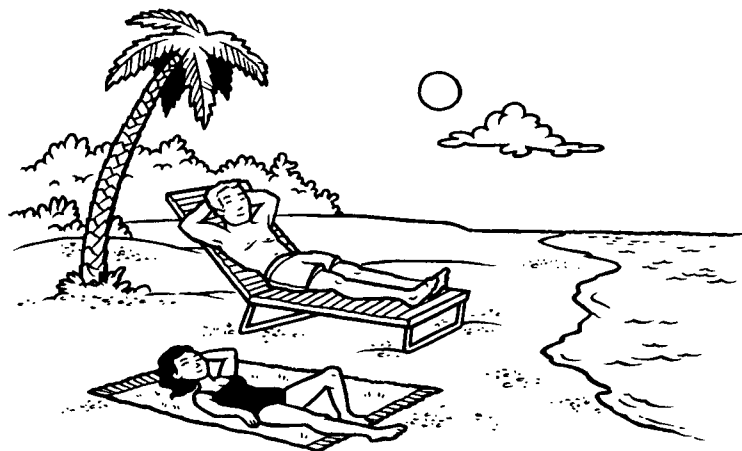

5. Here are some ways that a person generally enters or leaves his or her home. One of these entrance and exit means does not belong because it is not a way for someone to get into or out of a typical home. Which one does not belong: through a door, through a drain, through a window.
6. Many different building materials are used to construct a typical home. Which one of these materials is not considered to be a material used for building a home: lumber, concrete, steel, glass, wool or bricks?
7. All but one of these is a part of the main outer structure of a typical house. Which of these is not a part of the outer structure of a house: the foundation, the roof, the wall, or the closet?
8. Which of these materials would not generally be used to build the roof of a house or an apartment building: tar paper, shingles, gravel, bricks, or asphalt?
9. Which of the following homes is *not* too rustic, atypical or uncommon to be found in a town or city such as your own town or city: a hut, a town house, a cave, a log cabin or a castle?
